

Castlegar Minor Soccer Association
Executive Meeting
September 16, 2013

Attendees:

Yuro Ihns

Ralph Lunn

Kim Morris

Scott Hutt

Dave Grantham

Leanne Osokin

Jacquelin Konkin

Kim Klashinsky

Kathy Upward

Rob Fogal

Roger Carlson

1) Meeting called to order 7:08pm at the Smile Studio

2) AGM

Set for Monday, October 21, 2013 at the Complex at 7:00pm.

Kim Klashinsky will book a room and put an ad in the Castlegar News.

Leanne Ireland, Registrar, will please send an email to all members.

Someone please post on Facebook page.

3) Herbicide on city soccer pitch

The City of Castlegar would like CMSA to answer questions on herbicide useage on the soccer fields. The general feeling from those in attendance is that the quality of the turf is most important. Yuro will write a reply email to the City of Castlegar stating that.

Yuro will contact the City of Castlegar and the Herbicide Free group and ask them to attend the AGM to give a short report on this issue. He will stipulate in the meeting that all questions can be directed to each group after the AGM is adjourned.

4) Rotary Building Project

Kim Morris, representing the Evening Rotary Club, asked CMSA if they were interested in partnering together to build a multi-use facility at Twin Rivers Park. Both the Morning Rotary and the Evening Rotary Clubs are involved in this project. They are looking for a letter of intent, including expectations of the building and the amount of money that is available for CMSA to earmark for this project. Kim was asked to make a presentation at the AGM so that a decision can be made at that time by CMSA members.

5) Indoor Soccer

Rob Fogal ran an excellent program last winter and is looking to pass the program to someone else. Ralph Lunn may be interested in running the program. He may have the Whitecaps representative from Nelson come out during the winter indoor soccer season to do some clinics. The soccer has been at Selkirk College on Wednesdays from 5:45 to 7:30pm in the past. Ralph will look into it. KSYSA directors will ask for money from KSYSA to have Whitecaps put on some clinics or a program of some sort.

6) Junior Boys Soccer team at SHSS

Castlegar Minor Soccer Association
Executive Meeting
September 16, 2013

Ralph is coaching a grade 8 & 9 soccer team at the high school. Practice will be on Tuesday and Thursday after school from 3:00 to 4:30pm for 8 weeks. He is hoping to set up a few local games. The juniors wish to borrow a set of jerseys from CMSA. Discussion – CMSA executive agrees to lending the jerseys as long as they are looked after and returned after each game to Ralph. Ralph will give a deposit as necessary.

7) Change to KSYSA Discussion

Yuro posed the question of disbanding all 4 local minor soccer associations and becoming one under KSYSA.

8) Net “Take Down”

Set for Sunday, September 22, 2013 at 4:00pm at TR Park

9) Castlegar Tropics Jerseys

Discussion on who the jerseys belong to at this point. Jerseys were purchased by a coaches employers union. Decision not concluded.

10) Coaches Criminal Record Check Reimbursement

Ron Chatten, who coached in Castlegar this past season, had to get his CRC done in Trail. There was a cost attached to having it done somewhere other than in Castlegar. It was recommended that CMSA reimburse that cost. Also, Mandy Green, a mini soccer coach, had to get her CRC done in Nelson. It was also recommended that CMSA also reimburse that cost. **Kathy Upward** will get her exact name and forward it to the treasurer. Both Nelson and Trail RCMP detachment charge \$20 for this service. Everyone was in favor. **Suzanne** will please issue the cheques.

11) Jersey Replacement

Leanne Osokin, equipment manager, needs to replace a few jerseys that are in rough shape from day to day use. Ralph suggested having specific CMSA colors instead of purchasing random colors in the future. This was well received. A cheque was given to CMSA for a jersey deposit from a jersey that was destroyed in a player’s washing machine. The cheque was for \$75. It was recommended that the Pottle family will be reimbursed the difference for the actual replacement cost.

12) Website

Jacquelyn, website coordinator, would like to see if we could use a different carrier for our website. The one that is currently used is very difficult to add items or change items. Dave Grantham said that there will be a presentation to KSYSA by an independent web master at the next KSYSA meeting. **Dave** will advise at the next CMSA meeting.

13) Adjournment – Is there anything to add as I left early?
