5) Old Business

a. Financial old issues

- i. Indoor soccer numbers for U10 boys is very low and Carlo Masini will cancel it unless another coach would like to share the gym at Selkirk College.
- ii. Whitecaps 2014 Winter/Spring Player sessions have started. The kids are enjoying the camps thus far. Brett from the Whitecaps seems to be doing a great job and relates well to large or small groups of players. The schedule locations will be revised due to SHSS being closed during spring break.
**The Whitecap sessions at Kinnaird Church require one responsible adult to lock the school and set the alarm at 8:00pm. Any volunteers would be appreciated.
**A sign-in sheet with emergency contact numbers should also be provided when players are dropped off.
- iii. Newspaper/Radio advertising is going well. Radio ads are on daily. The Castlegar News did a free advertisement for registration. The sign at M&M Meats, which is right on Columbia Avenue is generating lots of chatter.
- iv. Promoting upcoming registration – Dave will talk to Carrie Reilly to ensure that schools, including pre-schools have been advised of registration. Leanne I. will make more copies of the flyer if needed.
- v. All nets, flags, bungee clips and paint are on order but there is no invoice yet.

b. Financial – new spending – No new spending at this time.

c. Roger will talk to Quinn Glock about welding the nets at Twin Rivers Soccer Field.

d. The nets from the Jamboree that was held 2 summers ago are at the Plaza where Roger works and are ready for use.

e. Rob Squires has the website up and running and it looks great. He is now working on setting up email addresses for all executive members so that there is a history of emails for the next person that takes the position. You will be able to forward the emails to your phone or your current email address, if you want.
